Wisconsin population projections are developed by the Wis. Dept. of Admin.-Demographic Services Ctr. in accordance with Wis. Statute 16.96.

Note: Population projections are based on past and current population trends, and are intended as a base-line guide for the users. Users are urged to examine any other available forecasts that incorporate additional information such as land usage, zoning regulations, and planned or proposed developments. Users may also compare the projections with the population estimates that are produced annually.
